Hm.

When you're hated by the spirits of the mountain, you get tired easily.

Huh?

Keep up the hard work.

Yes.

?

Should we just leave her like that?

He's gone.
Well, yes

.....

Wasn't the nature spirits a secret?

Didn't I keep it a secret?
I can't. In and people normally don't believe me so it's okay.

It doesn't matter if they do though

Right.
And the people who research geology are usually strange, so they won't think of me as suspicious.

Why's he stuck to that woman?

He must be a spirit of the fault.

A fault is where the ground has cracks. Is it what you call an "active"?
Yeah. Before we came up, I told you that there's a large fault near here.

...Ah.

When we passed by, he must have heard Su Yuan talking lastly about the fault so he's trying to show a policeman.

He must be bored.

So you just ignored it when he was hanging on to that woman like that?
He won't do anything to make the humans notice him. I don't need to interfere with what they do.

He just stayed there for a short time and left.
I think that spirit knew that we were looking at him.
We should don't care about him, and his business with us is over.

We're passing by each other as normally.

When nature spirits and humans meet, this is how it normally goes. They don't care much about each human that they see.

Hm.

Doctor!

Are you finished?
Yes, for now.

I think this is enough for today. If I dig more, I won't be able to carry it back.

Yes, then shall we start climbing down?
Yes.

I can just put it inside the bag, right?

I took big parts of the rock because I'm going to melt it in the laboratory so...

Take your time.

Can I carry all this down...?

Don't force yourself too much and climb down carefully
Ah, yes.

Hey!

Aren't you going to carry it?
Why should I?

I think she wants you to help her.

I don't sense things like that well
Hmph

You should go slowly when we're coming down...
You should go ahead of me. I'm a little slow...

Tokyo Tsuo Ocean Aquarium Annex

You worked hard these past two days. Thank you.

No, I didn't do any hard work.
It's a silly joke!!

Well, thank you for coming with us!
Uh? Yes...

Ah, the doctor to help you something...
Hahaha
